Dear Dr Magrath,

In accordance with exchanges between our organizations last year, the WHO Executive Board reviewed the report of our collaboration at its 130th session. I am pleased to inform you that the Board decided to maintain the International Network for Cancer Treatment and Research in official relations with the World Health Organization. In making its decision, the Board commended the continuing dedication of the organization you represent in support of the work of WHO.

I would like to take this opportunity to convey my thanks to the members of the International Network for Cancer Treatment and Research for their work with WHO. I hope that our activities continue to be as fruitful. In this connection, please contact Dr A.W.H. Ullrich, Medical Officer, Chronic Diseases Prevention and Management, who serves as the Designated Technical Officer for our relations, to pursue implementation of our plan for collaboration or, as the case may be, agreement on such a plan.

Yours sincerely,

Dr E. Renganathan
